

# Risk Management Plan

---

## Project Name or Identification

CDI - Viz Dashboard

## Prepared by:

Montana Data Consultants

## Date:

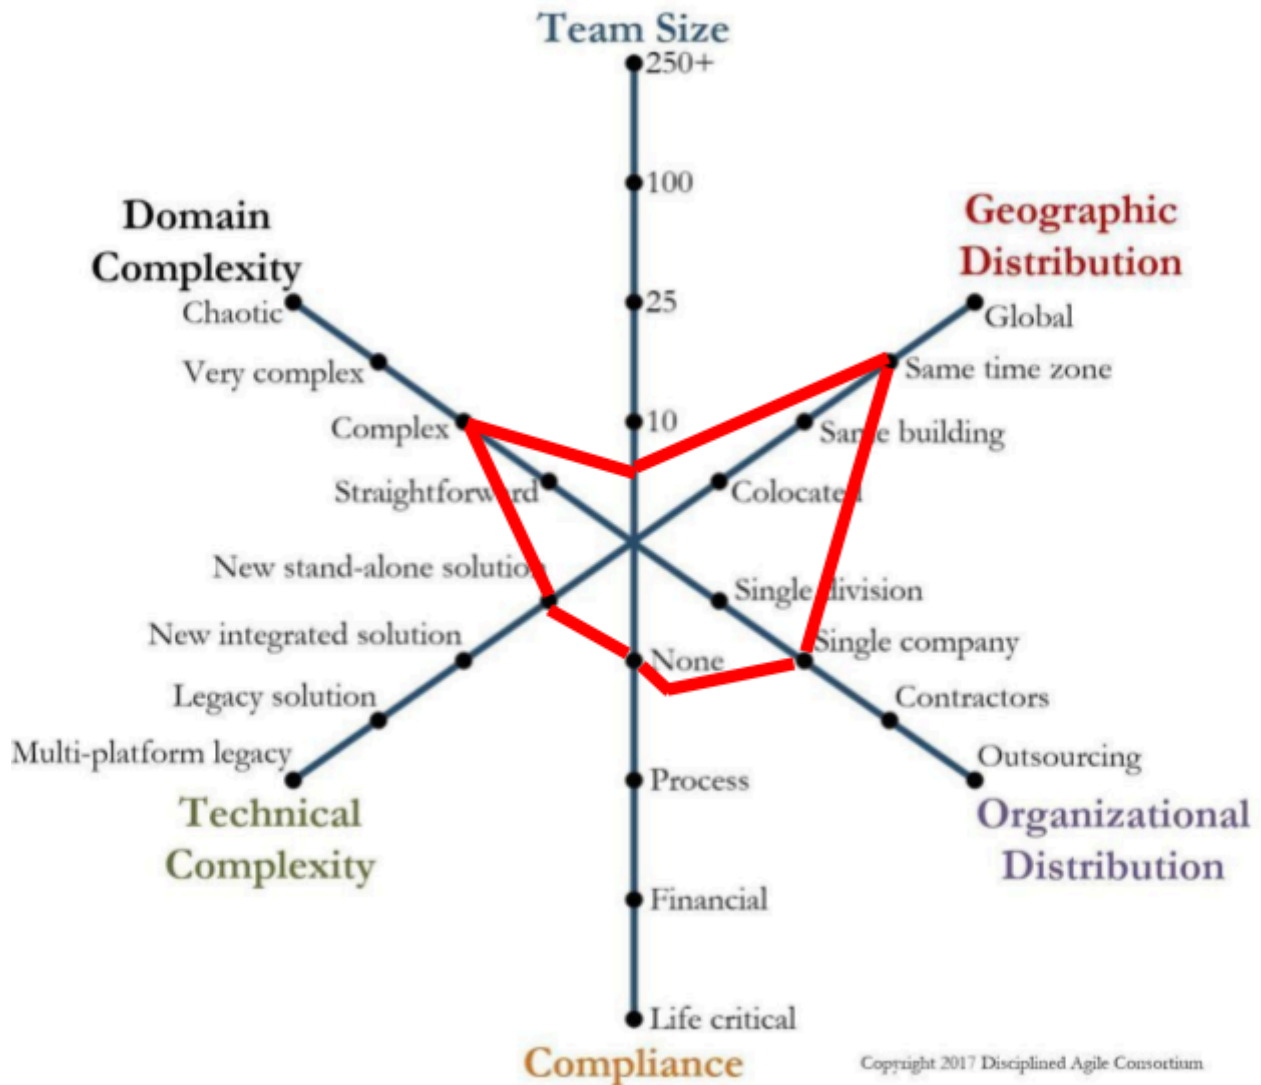

2/28/24

Document Versioning Chart			
Version Number	Submit to	Date Submitted	Description
V1	MT-PMI Mentor or Team for editing		
V2	Moodle for grading		
V3	Team for review & Moodle for revision grading		
V4	Final approval of plan		

## Introduction

This document outlines the strategies, methodologies, and tools that will be employed to identify, assess, prioritize, and manage risks. This will ensure that the project team is well-equipped to navigate challenges and deliver successful outcomes.

## Analyze Project Context Risk

## Risk Response Table

Below is a table that outlines the potential risks, triggers, owners, responses, and resources required for the CDI - Viz Dashboard project.

Risk	Trigger	Owner	Response	Resources Required
Operational risk	Key team member resigns	Project Team	Mitigate	Succession planning, cross-training
Scope Creep	Continuous addition of new features beyond initial scope	Project manager	Avoid	Clear project scope definition, Scope management plan, change management process
Technical Complexity	Inadequate expertise to handle the complex technical challenges	Project Team	Mitigate	Training programs, consulting services, technical experts
Stakeholder Misalignment	Divergence in expectations between stakeholders	Project Manager	Mitigate	Regular stakeholder meetings, effect communication
Resource Constraints	Insufficient resources (time, budget, personnel)	Project Manager	Mitigate	Resource leveling techniques, prioritization
Performance Bottleneck	Slow loading times or unresponsive dashboard	Development Team	Avoid	Performance testing tools, optimization techniques
Technology Integration Failure	Incompatibility issues with data visualization tools	IT Team	Mitigate	Compatibility testing, vendor support
Lack of User Adoption	Low usage or engagement with the tool	UX/UI Designer	Accept	User feedback mechanisms, usability testing
Financial Risk	Unforeseen market changes	Project Manager	Transfer	Project sponsor financial reserves
